Saturday, October 10, 2026 Daily Adjustment of Maximum Prices for Certain Regulated Petroleum Products

Effective 12:01 a.m. Saturday, October 10, 2026 the Public Utilities Board set maximum prices for gasoline and diesel motor fuels and furnace oil and stove oil heating fuels in all areas of the province except where maximum price adjustments have been suspended. The changes to maximum prices reflect recent changes in market commodity prices.

The changes to maximum fuel prices are as follows:

- all types of gasoline motor fuel will increase by up to 3.2 cents per litre (“cpl”);
- diesel motor fuel on the Island will increase by up to 10.2 cpl;
- diesel motor fuel in Zones 13 and 13a in Labrador will increase by 8.8 cpl;
- furnace oil heating fuel on the Island will increase by 8.82 cpl; and,
- stove oil heating fuel in Zones 13 and 13a in Labrador will increase by 7.41 cpl.

These changes are based on the most recently available market data as of the close of business on October 8, 2026 and as a result do not reflect more recent market activity.
