1	Q.	Tab 16; Volume II: Transmission Line Upgrades
2		Please explain how Hydro ranks and selects which transmission lines to upgrade in a
3		given year.
4		
5		
6	A.	Hydro has selected which transmission lines to upgrade based on findings from its
7		regular transmission line inspections and known issues with various transmission
8		line components. Hydro is currently working toward establishing a formal system
9		for ranking and selecting which transmission lines to upgrade in a given year.
