Dear Ms Blundon:

Re: Responses to RFIs from Labrador Interconnected Group in 2017 NL Hydro General Rate Application ("GRA"), numbered LAB-NLH-084 to LAB-NLH-090

We are writing in respect of the Requests for Information ("RFIs") posed by the Labrador Interconnected Group ("LIG"), numbered LAB-NLH-084 through LAB-NLH-090. These questions generally pertain to the Newfoundland and Labrador System Operator ("NLSO").

Although Hydro had challenged LAB-NLH-087, LAB-NLH-088, LAB-NLH-089, and LAB-NLH-090 as not being relevant to the proceeding or otherwise outside of the scope of the LIG's intervention, we are pleased to see that those RFIs have been answered.

The LIG had initially challenged Hydro's answers to LAB-NLH-084 and LAB-NLH-085 as not being sufficiently responsive to the questions posed. In our view, the answers to LAB-NLH-087, LAB-NLH-088, LAB-NLH-089, and LAB-NLH-090 provide sufficient information to make up for the gaps in the answers to LAB-NLH-084 and LAB-NLH-085. We therefore withdraw our challenge to the answers to LAB-NLH-084 and LAB-NLH-085.

We trust you find the foregoing satisfactory. Please be in touch should you have any questions or concerns.

Yours truly,
Olthuis Kleer Townshend LLP
