

1 Q. **B-46, Upgrade Line 2 Voltage Conversion to 25 kV, 2010 - \$82,000, 2011 - \$512,700**

2 Since this project is expected to continue over a two-year period, why has NLH not
3 chosen, in this application, to treat this project as a Multi-Year Project?

4

5

6 A. Hydro is seeking approval of this project as a multi-year as indicated by the
7 budgeted amounts in 2011 as well as the budgeted amounts in the Future Years
8 columns in Schedules A and B. The report entitled *Voltage Conversion – Gaultois*
9 located in Volume II, Tab 20 states on page 2 “This will be a two year project with
10 the design undertaken in July 2010 and the construction in 2011.” The budget
11 estimate on page 13 has the amounts budgeted for both 2010 and 2011 and the
12 project schedule in Table 6 on the same page shows the project closeout date of
13 November 2011.
