Subject: RE: NLH - 2013 Amended GRA - Motions Day

Dear Ms. Blundon,

The Island Industrial Customers are still in the course of reviewing Hydro's responses to the Requests for Information, and are not in a position to advise today regarding whether the Motion Day, presently scheduled for May 20, 2015, will be required. We expect to be in a position to so advise before the end of this week.

We trust this is in order.

Regards,

Paul Coxworthy
