NLH Amended GRA - To Parties - Revised Schedule - Vale's Application for an Order Compelling NLH to Fully Respond to Certain RFIs

Ms. Blundon:

Hydro and Vale have been further discussing this matter over the past several days and it appears that a means is likely available to provide sufficient information to address Vale's information needs in a more efficient and meaningful way, other than strictly in the manner that the RFIs were posed.. As you will recall, the Board's letter of June 5, 2015 revised the schedule for Hydro's response to tomorrow, June 10. As this work is ongoing, Hydro respectfully requests an additional extension until June 17 to respond to these RFIs.
