4

5 A. As referenced in Hydro's response to PUB-NLH-029, Mercer provides customized  
6 analyses on a pay-for-service basis that are confidential and not publically disclosed.  
7 A Non-Disclosure Agreement with Mercer outlines intended use of such  
8 information, expectations for non-disclosure, including restrictions for disclosure.  
9 Notice must be provided to Mercer relating to any request to disclose information  
10 as a result of legal proceedings so that Mercer has an opportunity to challenge any  
11 legal process. Hydro provided notice in November of 2013 and Mercer provided  
12 such a letter as a result of a request made in Request for Information PUB-NLH-029.  
13 That letter states Mercer would not authorize release of Mercer reports,  
14 correspondence and related work.
