

1 Q. Per IC-NLH-028 which provides the industrial customer monthly Power on Order as
2 the NCP value, please provide the actual monthly native peak for each of the
3 industrial customers.

4

5

6 A. Please see the following tables that provide the actual monthly maximum peaks for
7 each of Hydro's Industrial Customers. Please note that native peak load
8 information is not available for Abitibi Consolidated – Grand Falls as Hydro did not
9 track this information. Also note that peak data is not available for all months for
10 certain customers and that owing to confidentiality concerns within the Industrial
11 Customer class, actual monthly maximum peaks for total industry are provided for
12 2013.
