2 The table presented shows no data for Natuashish.

3 Please:

- 4 • present the year-by-year energy requirements for Natuashish, between 2007
5 and 2013, and
- 6 • confirm that the year-to-year changes are identical to those presented in IN-
7 NLH-060 or, if they are not, present the adjustments required to make them
8 comparable.

11 A. Please see Table A of Hydro's response to IN-NLH-189 that includes the annual
12 energy requirements for Natuashish between 2007 and 2013.

14 Please note that Hydro's response to IN-NLH-060 does not include Natuashish and
15 therefore the annual changes presented in Table A are not identical to those
16 included in IN-NLH-060. Please see Table B in IN-NLH-189 that presents a revised
17 table of the information provided in IN-NLH-060 and includes the identical annual
18 changes for Natuashish that are presented in Table A of Hydro's response to IN-
19 NLH-189.
