

1 Q. **Re: NLH Evidence, Section 2, page 2.48, section 2.6.3; IN-NLH-069**

2 In answer to IN-NLH-069, NLH states that “Hydro’s main function in Natuashish is to
3 operate and maintain the diesel plant and distribution facilities on behalf of the
4 Mushuau Innu First Nation on a full cost recovery basis”. Please describe NLH’s
5 other functions, if any, in Natuashish.

6
7

8 A. In addition to the operation and maintenance of the diesel plant and the
9 distribution facilities, Hydro also performs the following functions in Natuashish on
10 behalf of the Mushuau Innu First Nation on a cost recovery basis: (i) meter
11 readings, and (ii) technical evaluations for service extensions (performed by Hydro’s
12 Distribution Technologists).
