7 **view that these experts are "solely motivated by the rate impacts on the Labrador**
8 **Interconnected customers". If unable to confirm, please explain fully why not.**
9

10 **A.** The statement set out in the question refers only to the apparent motivation for Hydro's
11 proposal to change the allocation methodology at this time, and not to the evidence of
12 other expert witnesses in this proceeding.
13

14 Mr. Brockman has not drawn any conclusions regarding the motivations of the other
15 expert witnesses in this proceeding, or provided any evidence in relation thereto.
