

**Undertaking 185**

**Re: *PUB-NLH-423, Attachment 1, Newfoundland and Labrador Hydro Corporate Services Charged by Affiliate #1, December 31, 2011-2015***

**Undertake to provide an explanation for increase for Corporate Relations charges into Hydro from 2013 of \$164,000 to 2014 of \$195,000.**

The increase from 2013 Actual to 2014 Test Year was primarily related to an increase in charges to Hydro of the Senior Communications Advisor position, which was subsequently transferred from Nalcor to Hydro in 2015. There were other decreases in charges to Hydro that offset some of the increase for the Senior Communications Advisor, noted above.
