Subject: RE: NLH 2013 General Rate Application - Newfoundland Power's Comments Re: Schedule for Responses to Requests for Information

Dear Ms. Blundon,

The Island Industrial Customers Group agree with the request of Newfoundland Power and Vale for a meeting of counsel to discuss scheduling issues. We note that delay in the completion of the responses to the 1st round of Requests for Information (RFIs) may have scheduling consequences not only for the 2nd round of RFIs, but also for the remainder of the Application schedule.

Regards,

Paul L. Coxworthy
