

1 Q. **2013 General Rate Application, Proposed Energy Supply Price Variation**
2 Page 4.20, lines 4-6 – It is stated that Hydro is requesting approval to include in the
3 RSP deviations from forecast costs for Hydro’s Island Interconnected energy
4 supplies and the proposed changes are included in Section 1.3 of the proposed RSP
5 rules. Does Hydro intend that future changes in price, if there are any, for energy
6 purchases of Exploits Generation be included in the proposed calculation of
7 deviations from forecast cost of energy supplies for the Island Interconnected
8 system?

9
10

11 A. Subject to the approval of the power purchase supply variation proposed in its
12 Application, Hydro proposes that future price changes from Exploits Generation, or
13 any other power purchase arrangement, be included in the proposed calculation of
14 deviations from forecast cost of energy supply for the Island Interconnected
15 System.
