Dear Sirs:

Re: Newfoundland and Labrador Hydro - Supplementary Application to 2013 Capital Budget Application to the Refurbishment of Unit 1 Turbine and Generator at the Holyrood Thermal Generating Station

Please be advised that the Board received the above-noted application on April 2, 2013 from Newfoundland and Labrador Hydro (Hydro) which was also copied to your attention.

According to the established review process, parties would normally have 10 days to submit comments. Hydro has advised that the application is time-sensitive and has sought and received agreement from the parties for its proposed schedule. In light of the urgency of this application the Board will follow a compressed schedule for this application as follows:

<u>Date</u>	<u>Filing</u>
Tuesday, April 9, 2013	Requests for Information
Monday, April 15, 2013	Replies to Requests for Information (RFI's)
Wednesday, April 17, 2013	Written Submissions/Comments from Parties
Friday, April 19, 2013	Applicant's Submission

Depending on the response time for the replies to RFIs further revisions to the schedule to facilitate an expedited application process may be made.

If you have any questions, please do not hesitate to contact the Board Secretary, by e-mail, cblundon@pub.nl.ca or by telephone at 726-8600.

Yours truly,

Cheryl Blundon
Board Secretary

cc. Newfoundland and Labrador Hydro
Mr. Geoffrey Young
