2 Re: Pre-filed Testimony of Larry Brockman, Section 4, Treatment of  
3 Curtailable Load.

4 Please provide a list of each load curtailment incident,  
5 noting the length, number of customers affected  
6 (curtailment request received), number of customers  
7 who actually curtailed, and total load curtailed. Please  
8 indicate for each incident whether it was initiated by  
9 NP or Hydro, and for NP initiated requests, please  
10 provide the brief rationale for the curtailment request  
11 (e.g., distribution system constraint, supply constraint  
12 from Hydro, avoid monthly/annual peak, etc.) for the  
last three years (2011, 2012 and 2013).

13 **IC-NP-4**

14 Re: Pre-filed Testimony of Larry Brockman, Section 4, Treatment of  
Curtailable Load.

15 Please indicate if the NP Load forecast used for  
16 Hydro's 2013 GRA was prepared by NP or Hydro.  
17 Also please indicate if this same load forecast was  
18 used by NP for the purpose of regulatory filings,  
19 financial planning or other purposes for 2013. Please  
20 indicate, for each month, the assumption in regards to  
21 the curtailment or non-curtailment of Curtailable  
22 Service Option loads at peak times, and provide the  
23 kW of assumed curtailment, if any.
