

1 Q. **Reference: PUB-NLH-210:** The Independent Engineer's Report provided was
2 written in November 2013. Please file any updated Independent Engineer's
3 Reports. When is the next Engineer's Report anticipated to be received by Hydro?
4

5
6 A. The Independent Engineer (IE) filed two site visit reports since the submission of the
7 Phase I report filed in November 2013 prior to financial close for the LCP financing.
8

9 One was filed in October 2014, and the second was filed in March 2015. They are
10 available at the links below and attached as CA-NLH-101 Attachments 1 and 2:
11

- 12 • *July 14 to 23, 2014 Site Visit Report* (CA-NLH-101 Attachment 1)
13 [http://muskratfalls.nalcorenergy.com/wp-content/uploads/2014/10/Lower-](http://muskratfalls.nalcorenergy.com/wp-content/uploads/2014/10/Lower-Churchill-Project-July-2014-IE-Site-Visit-issued-Oct-2014.pdf)
14 [Churchill-Project-July-2014-IE-Site-Visit-issued-Oct-2014.pdf](http://muskratfalls.nalcorenergy.com/wp-content/uploads/2014/10/Lower-Churchill-Project-July-2014-IE-Site-Visit-issued-Oct-2014.pdf); and
- 15 • *November 24 to 27, 2014 Site Visit Report* (CA-NLH-101 Attachment 2)
16 [http://muskratfalls.nalcorenergy.com/wp-content/uploads/2015/03/Lower-](http://muskratfalls.nalcorenergy.com/wp-content/uploads/2015/03/Lower-Churchill-Project-November-2014-IE-Site-Visit-Report.pdf)

18

19 There is no specific schedule for subsequent IE reports, so Hydro cannot provide a
20 date upon which the next IE report is anticipated to be received.
