

1 Q. Please confirm that the Maritime Link (ML) and the Labrador Island Transmission  
2 Link (LIL) could each be in-service prior to Muskrat Falls being in service, and  
3 indicate the earliest potential in-service dates for the ML and for the LIL.  
4  
5

6 A. Both the Maritime Link (ML) and the Labrador Island Link (LIL) are scheduled to be  
7 in service in advance of Muskrat Falls generating station being in service. The  
8 scheduled in service date for the LIL is Q2 2018. The scheduled in service date for  
9 the ML is Q3 2017.
