

1 Q. Please provide Hydro's assessments regarding the future of the power purchase  
2 agreements from third parties after Muskrat Falls and Labrador link.

3

4

5 A. Hydro currently has existing power purchase agreements with a number of entities  
6 for the benefit of the Island Interconnected System. Hydro will continue to evaluate  
7 opportunities to enter into such agreements for the benefit of its customers.

8 Further, Hydro will review its existing power purchase agreements as they near  
9 expiration, with full consideration of its planning criteria, as well as any benefits or  
10 value such agreements provide to Hydro's customers.
