

1 **Q. Does Newfoundland Power include vegetation management inspections on its**  
2 **transmission lines? Are these inspections conducted as part of annual ground**  
3 **inspections or otherwise?**  
4

5 A. Newfoundland Power includes vegetation management as part of its annual transmission  
6 line inspections. Attachment A to the response to Request for Information PUB-NP-060  
7 provides the Company's *Transmission Inspection and Maintenance Practices* which  
8 includes details on how vegetation deficiencies are identified as part of the annual  
9 transmission line inspections.
