

1 Q. **Reference: Application, Page 4, Paragraph 16**

2 On Page 4 at Paragraph 16, Hydro states:

3 It remains probable that Hydro will incur costs in 2021 as a result of the  
4 commissioning of the Muskrat Falls Project. Therefore, although Hydro proposes  
5 to delay its GRA filing, Hydro is proposing to continue to require 2021 as a test  
6 year for use in determining the 2021 costs to be ultimately recovered from  
7 customers.

8 If it became clear that Hydro will not incur costs in 2021 as a result of the commissioning of the  
9 Muskrat Falls Project, would Hydro continue to require 2021 as a test year for use in  
10 determining customer rates? If so, please explain why. If not, please explain why.

11

12

13 A. Please refer to Newfoundland and Labrador Hydro's response to PUB-NLH-009 of this  
14 proceeding.
