

1           **Reference: Hydro’s Revised Application for Approval of Construction of Hydro’s long-term**  
2           **supply plan for southern Labrador, *Schedule 2 – Long-Term Supply for Southern Labrador –***  
3           ***Evidence Supporting the Revised Application, May 31, 2023, Page 14, Footnote 18.***

4                           *“Hydro’s insurance claim relating to the 2019 fire at the Charlottetown Diesel*  
5                           *Generating Station is ongoing. Should this claim result in a payment to Hydro,*  
6                           *such payment will be applied to reduce the revenue requirement associated with*  
7                           *this project.”*

8           Since the filing of the revised application, has Hydro concluded its insurance claim relating to the  
9           Charlottetown Diesel Generating Station? If so, please provide the details including Hydro’s  
10          deductible and any proceeds related to settlement. If not, when does Hydro expect to resolve  
11          the insurance claim and when does Hydro anticipate it will be able to provide it to the Board as  
12          part of Hydro’s revised application?
