

1 Q. **Reference: Project - Upgrade Waste Water Equalization System - Holyrood**

2 Is Hydro in violation of its Department of Municipal Affairs and Environment Certificate of  
3 Approval (Attachment 1)? If Hydro considers itself to be in violation, please provide in detail the  
4 evidence and rationale supporting the violation.

5

6

7 A. Newfoundland and Labrador Hydro is not in violation of its Department of Municipal Affairs and  
8 Environment Certificate of Approval. The purpose of the proposed project is to upgrade the  
9 waste water equalization system to support the reliability of the asset and maintain its  
10 compliance.
