

1 Q. In its June 27, 2025 letter to the Board Re. Quarterly Update – Items Impacting the Delay of
2 Hydro’s Next General Rate Application (“GRA”), Hydro provides that information necessary to
3 file its next GRA, related to the commissioning of the Muskrat Falls Project and rate mitigation,
4 was available by May 2024.

5 Please confirm that Hydro’s decision to delay the filing of its GRA beyond 2025 is not dependent
6 on any external factors, such the commissioning of the Muskrat Falls Project or rate mitigation.
7 If this cannot be confirmed, please explain.
