

1 Q. **Reference: Application**

2 With respect to the Island Interconnected System, please provide:

- 3 a) A table, starting with 2010, that contains the annual production from Hydro's hydraulic  
4 generation, Holyrood TGS, other thermal generation, power purchases via the LIL,  
5 power purchases imported via the Maritime Link, other power purchases, total island  
6 interconnected customer load, (industrial, utility and NLH rural) and total customer load  
7 including Maritime link exports.
- 8 b) Commencing January 2023 and up to August 2025, in an Excel file the monthly values of  
9 LIL deliveries to the Island Interconnected System, exports over the Maritime Link,  
10 imports over the Maritime Link, deliveries of Muskrat Falls energy to the island system  
11 net of exports over the Maritime Link, total island interconnected load and Holyrood  
12 generation.
- 13 c) In an Excel file, Hourly system generation (NLH-hydro, Holyrood, NLH standby, NLH  
14 purchases and total) in MW from 2023 and up to August 2025.

15  
16  
17 A. Monthly production and exports over the Maritime Link are provided in Appendix B of  
18 Newfoundland and Labrador Hydro's ("Hydro") monthly Energy Supply Reports filed with the  
19 Board of Commissioners of Public Utilities ("Board").<sup>1</sup> It is Hydro's opinion that the information  
20 requested is not necessary for a satisfactory understanding of the matters to be considered in  
21 the 2026 Capital Budget Application as required by the *Board of Commissioners of Public Utilities*  
22 *Regulations, 1996*.
