

1 Q. **Reference: Application, Capital Programs and Projects, Perform Facilities Refurbishments**
2 **(2026) Appendix B, page 13 of 40)**

3 The Option Summary table lists 5 options, and recommends that 4 of the 5 options be pursued.
4 Is it appropriate to refer to these as “options” when 4 of the 5 “options” have been
5 recommended?

8 A. Newfoundland and Labrador Hydro acknowledges that its consultant could have used alternate
9 language within its report. The Option Summary table lists five refurbishment scopes which
10 could be pursued independent of one another to address various, independent deficiencies.
