

1 Q. Further to the response to PUB-NLH-043, please confirm if Hydro has a vegetation management
2 standard of practice policy/document that is used across the entirety of its service territory. If
3 yes, please provide.

5

6 A. While Newfoundland and Labrador Hydro (“Hydro”) does follow standard vegetation
7 management practices throughout its service territory as provided in Hydro’s response to
8 PUB-NLH-043, it does not have a formalized policy/document drafted to provide.
