**Subject:** Re: NLH- Application for the Recovery of Deferred 2025 Isolated Systems Supply Costs

Good Afternoon,

The schedule set by the Board for the above noted application had a deadline of Tuesday, March 31, 2026 for submission of comments by the parties. Newfoundland Power and the Consumer Advocate both advised they had no comments; there were no comments received from any of the other parties. There were no Requests for Information issued for this application. Hydro respectfully requests that the Board approve the application as submitted.

Thank you,  
Shirley
