

1 Q. **Reference: Chapter 6, Sections 6.4 and 6.7; Exhibit 17**

2 a) Explain Hydro's view as to whether rates that reflect allocated cost responsibility are not
3 necessarily, by that fact alone, fair and equitable rates.

4 b) Explain Hydro's view of fairness and equity in the context of rate design, including
5 whether fairness and equity require consideration of factors beyond cost causation and
6 revenue-to-cost alignment.

7 c) Identify and explain how considerations of fairness and equity beyond cost causation
8 are reflected in Hydro's proposed rates for Newfoundland Power and Island Industrial
9 customers.
