

1 Q. **Reference: CA-NLH-338 and CA-NLH-339; Cost of Service Study**

2 For each category of forecast export revenue identified in CA-NLH-338, please explain whether
3 and how the Cost-of-Service treatment recognizes the generation, transmission or other utility
4 resources that give rise to the export revenue.

5

6

7 A. Please refer to Newfoundland and Labrador Hydro's response to CA-NLH-338 of this proceeding.
