Q. **Reference: Wood Pole Line Management (2027); Response to CA-NLH-083, Attachment 1**

Provide the most recent versions of the graphs for the:

i) 50-year Iowa;

ii) Current; and

iii) Extended Life curves for the Avalon, Central and Northern regions, and Province-wide using the inspection data from the Wood Pole Line Management (2027) program.

A. The four graphs below show the current and extended life curves for the Avalon, Central and Northern regions, as well as the province as a whole, respectively, alongside the standard 50-year Iowa.

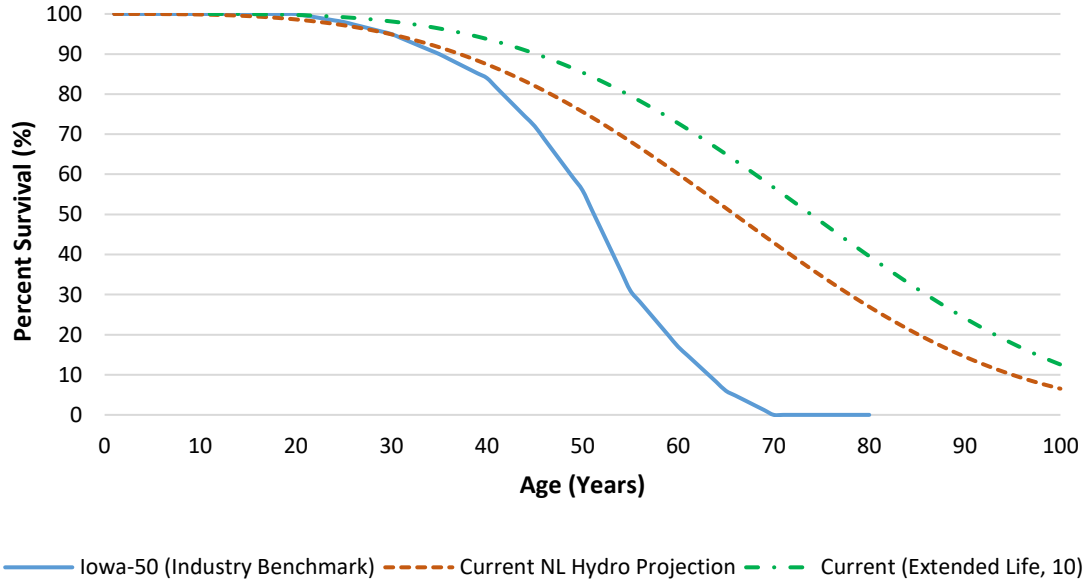

Chart 1: Survival Plot - Avalon Peninsula Wood Pole Line Network

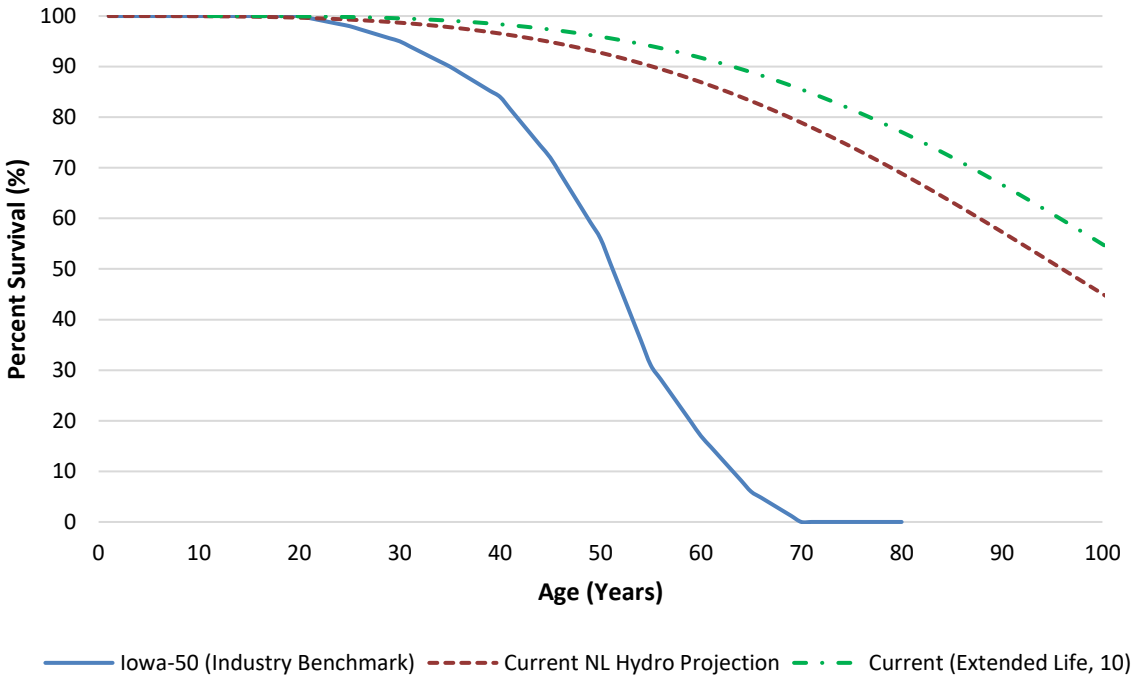

Chart 2: Survival Plot – Central Region Wood Pole Line Network

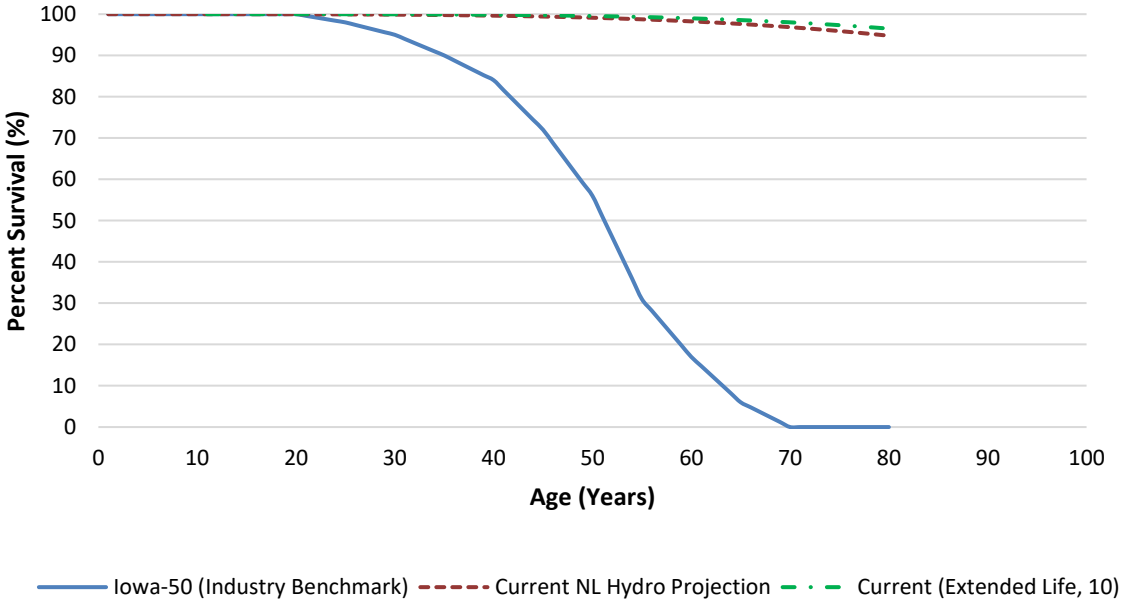

Chart 3: Survival Plot – Northern Region Wood Pole Line Network

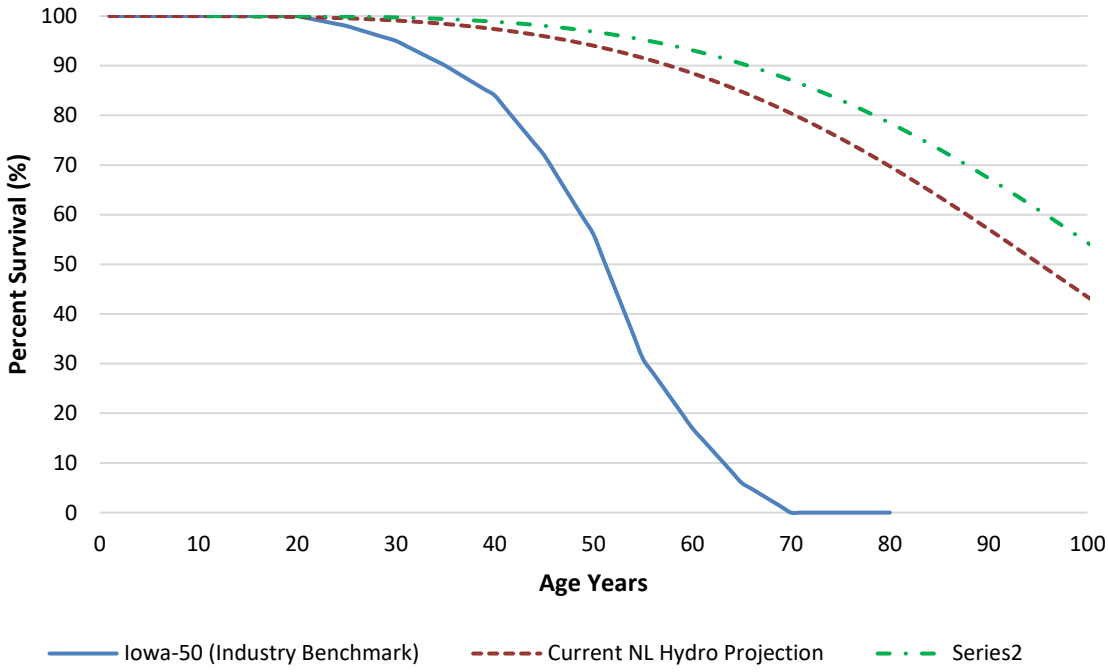

Chart 4: Survival Plot – Provincial Wood Pole Line Network
