

1 **Q. Did Newfoundland Power ever ask EY for different configurations of CSSs in order**
2 **to establish a trade-off between different features-cost combinations? Did EY**
3 **suggest such an approach to NP?**
4

5 A. No, Newfoundland Power did not ask EY for different configurations of Customer
6 Information Systems in order to establish a trade-off between different features-cost
7 combinations. Refer to CA-NP-188 for a response on CIS configuration.
