

1 **Q. (2021 Electrification, Conservation and Demand Management Application, Volume**
2 **1, page 17) Has NP consulted the Province’s oil and gas industry about its**
3 **electrification programs? Have oil and gas companies applied for intervenor status?**
4

5 A. No, Newfoundland Power did not specifically consult with the province’s oil and gas
6 industry about its electrification programs. The Company did, however, provide a
7 presentation on its electrification programs at the Newfoundland and Labrador
8 Environmental Industry Association (“NEIA”) conference. The Newfoundland and
9 Labrador Oil and Gas Industries Association is a member of NEIA.

10
11 Newfoundland Power is not aware of any oil and gas companies that have applied for
12 intervenor status in this proceeding.
