

- 1 **Q. (Reference Application)**
2
3 **a) Would Newfoundland Power be amenable to Hydro owning and operating all**
4 **public charging assets in the province?**
5
6 **b) If not, why not?**
7
8 A. a) No, Newfoundland Power would not be amenable to Newfoundland and Labrador
9 Hydro owning and operating all public charging assets in the province.
10
11 b) Newfoundland Power is amenable to the utilities continuing with their coordinated
12 approach to delivering customer programs, including the construction and operation
13 of electric vehicle charging infrastructure. See response to Request for Information
14 CA-NP-045.
