Board of Commissioners
of Public Utilities
P.O. Box 21040
120 Torbay Road
St. John's, NL A1A 5B2

Attention: Mike McNiven
Board Secretary

Dear Mr. McNiven:

**Re: Application for Approval of a Contribution in Aid of Construction ("CIAC") for
Three-Phase Service for the Town of George's Brook-Milton**

Please find enclosed the application of Newfoundland Power Inc. (the "Company") for approval of the above noted CIAC for a line extension to provide three-phase service to the Town of George's Brook-Milton to strengthen municipal infrastructure, support tourism development, and stimulate industrial growth and services offered in the region.

In order to provide the requested service, it is necessary to upgrade 2.7 kilometres of single-phase to three-phase (the "Extension"). The total estimated cost of the line extension, using the applicable cost per metre factors, exceeds \$100,000. As such, section 5(e) of the Company's CIAC Policy: Distribution Line Extensions and Upgrades to General Service Customers (the "Policy") requires the completion of a detailed engineering cost estimate.

The construction cost of the proposed line extension based on the detailed engineering estimate is \$594,244 (excluding HST). Section 10(ii) of the Policy further requires that all extensions or upgrades involving CIACs calculated in accordance with section 5(e) of the Policy be submitted to the Board for approval.

A draft of the Order requested is enclosed for the Board's convenience. Should you have any questions on the application, please contact the undersigned.

Yours truly,

Dominic Foley
Legal Counsel

IN THE MATTER OF the *Public Utilities Act*, (the “Act”); and

IN THE MATTER OF an
Application by Newfoundland Power Inc.
for approval of a contribution in aid of
construction for a three-phase service for
the Town of George’s Brook-Milton
(the “Customer”) pursuant to section 41(5)
of the Act.

TO: The Board of Commissioners of Public Utilities (the “Board”)

THE APPLICATION OF Newfoundland Power Inc. (the “Applicant”) **SAYS THAT:**

1. The Applicant is a corporation duly organized and existing under the laws of the Province of Newfoundland and Labrador, is a public utility within the meaning of the Act, and is subject to the provisions of the *Electrical Power Control Act, 1994*.
2. The Customer is the incorporated Town of George’s Brook – Milton whose mandate is to facilitate economic development in the region.
3. The Customer has requested that the Applicant provide the Town of George’s Brook-Milton with three-phase electrical service. In order to provide the requested service, it is necessary to upgrade 2.7 kilometres of single-phase to three-phase (the “Extension”). Schedule A to this Application contains a drawing of the Extension.
4. A contribution in aid of construction (“CIAC”) for the Extension has been calculated in accordance with section 5(e) of the CIAC Policy: Distribution Line Extensions and Upgrades to General Service Customers, approved by Order No. P.U. 27 (2005), dated November 2, 2005 (the “Policy”). Based on a detailed engineering estimate as required by section 5(e) of the Policy, the estimated construction cost of the Extension is \$594,244. Schedule B to this Application contains a detailed calculation of the construction cost.
5. Section 10(ii) of the Policy states that the Company shall apply to the Board for approval of all line extensions or upgrades involving CIACs where the cost of the line extension or upgrade is calculated pursuant to section 5(e) of the Policy.
6. A CIAC is required for the Extension as stipulated in section 1 of the Policy. The CIAC calculated in accordance with the Policy is \$575,862 excluding HST. Schedule B to this Application provides a detailed calculation of the CIAC. The CIAC as calculated in Schedule B was quoted to the Customer by way of letter dated June 8, 2026.
7. This Application seeks approval of the CIAC as calculated in accordance with the Policy.
8. Communications with respect to this Application should be forwarded to the attention of Dominic Foley, Counsel to the Applicant.

9. **THE APPLICANT REQUESTS** that the Board approve, pursuant to section 41(5) of the Act, the CIAC as calculated in Schedule B to this Application.

DATED at St. John's, Newfoundland and Labrador, this 1st day of September, 2026.
