

1 **Q. Pages 11-12, Extensions Program. Table 1 sets out Newfoundland Power's cost**  
2 **per customer for the program for 2021-2026. Please reconcile the 2026**  
3 **forecasted cost per customer of \$5,845 noted in Table 1 and the \$5,862 figure**  
4 **provided on page 12.**

5  
6 **A.** Newfoundland Power has reviewed the 2026 forecasted cost per customer for the  
7 Extensions program and confirms that the amount of \$5,845 shown in Table 1 on  
8 page 11 of Schedule B is correct. The value of \$5,862 provided on page 12 of  
9 Schedule B was provided in error.
