

1 Q. Reference: Public Utilities Board Muskrat Falls Review, Nalcor Exhibit 97, *Review of*
2 *Existing Meteorological Studies Conducted on the Labrador Island Transmission Link*
3 *- Appendix A (R1) – Ice Loading Region Maps.*

4 Did Nalcor/Hydro use the weather loading data provided in Appendix A (R1) of
5 Nalcor Exhibit 97 to design the Labrador-Island HVdc Link?
6
7

8 A. Yes. Please refer to Hydro's response to NP-NLH-004 for a detailed explanation of
9 how the meteorological loads and the structural capability of the line were
10 assessed.
