Summary of Changes/Additional Information
<b>IAO Rate Group Table Update</b>
The premiums and units presented in this file are for all Public Vehicles. However, Busses are the only Public Vehicle risk type with rates dependent on Rate Group Table.
Please note that, we do not have the capability to re-rate our portfolio with the new rate group table. Thus, we cannot calculate the impact of this change.
As a result, the proposed rates in the filing have been marked as "N/A". However, we know that an update to the IAO rate group table depreciates rate groups, resulting in an overall negative impact on the book of business.

The rate change data and average premium data contained in this document was prepared by the filing insurer and submitted to the Board solely for informational purposes and not for the purposes of reliance on by any third party. The Board assumes no liability related to third party use of this data or any actions taken or decisions made as a result of the data set forth herein.

The rate change data and average premium data contained in this document is presented on an aggregate basis. Actual rate changes and premium levels will vary by individual policyholder based on factors including, but not limited to, territory, coverage limit, driving record, discounts, surcharges and deductibles.
